

Megan Yelaney is a business coach who specializes in helping online coaches get booked out with 1:1 clients and scale their businesses to six figures. She started in network marketing in 2011, building that business to six figures, and transitioned to her own health and fitness coaching in 2017, scaling that to six figures in 6 months. She has since gone full time into business coaching and has scaled that business to multiple six figures in 1.5 years. Megan specializes in client attraction utilizing social media marketing strategies as well as launch strategy to help her clients and students have a strategic plan to launch their programs profitably and in an organized and stress free way.
